

Casa Hygge

TERZO (AL)
PIEDMONT / ITALY

Casa Hygge, a five bedroom country house, is the perfect place to get away and work from the beauty of Montferrat with its many historical, natural and enogastronomic local attractions. The house hosts up to ten guests (twin sharing). If you desire a place away from the daily business distractions to get creative, and develop your projects, then Casa Hygge might offer just that. It will wake you up to a stunning sunrise and put you to rest surrounded by the

moon and the stars. You can stay on the private property to take a walk overlooking the adjacent vineyards, hills and distant mountains. You may enjoy the four seasons as they come with all their beauty, color, activities and culinary highlights, including the famous hazelnuts, porcini mushrooms and white truffles. For your convenience, we offer coaching, business events and workshop facilitation, and concierge service to local attractions and activities. We look very much forward to welcoming you as our guests!
