FIVE-DAY RESIDENTIAL PROGRAMME · 2027

Seeing Differently

Drawing, Perception & Leadership

Most leaders are highly trained in analysis, judgement and decision-making. Far fewer examine the moment before these processes begin.

Drawing slows perception until habitual interpretations loosen. As perception changes, thinking begins to shift – revealing how inner patterns, roles and assumptions shape leadership behaviour.

SENTOSA, SINGAPORE

17 – 21 May 2027

One15 Marina Sentosa Cove – a private members' club by the water

TERZO, PIEDMONT, ITALY

26 – 30 May 2027

Casa Hygge – a private villa with gardens and vineyard views

WHAT TO EXPECT:

- Guided drawing practice, inspired by Betty Edwards
- Systems-psychodynamic reflection
- Walking, dialogue and shared inquiry

No drawing experience required. Not art therapy.

FOR WHOM:

Groups and teams of senior leaders who work with complexity and pressure – and who value depth over performative workshops.
